

THE GANGSTER GAZETTE

The Sarsaparilla Speakeasy is Slamming!

Ruby Moreno—Sarsaparilla Speakeasy Owner. As the widow to Lorenzo Moreno, the original Sarsaparilla Speakeasy owner, Ruby not only inherited a gold mine but the power that comes with it. It is hard to say, is Ruby out to avenge her husband's death or capitalize on it?

Notorious Norm Norelli—North Side Mob Boss. Since the rise of organized crime, Norm's operation has done nothing but prosper. With Norm having so much power, he seems to have a lot going for (and against) him.

Natasha Norelli—Notorious Norm's Sister. Annoyed by her brother's over-protective nature, Natasha has kept more than secrets from Norm.

Marco Malone—North Side Henchman and Sarsaparilla Speakeasy Bouncer. As Norm's right-hand man, Marco has worked hard to gain his position in the operation and will stop at nothing to keep it.

Casey Cocktail—Cocktail Waitress. As Marco's main squeeze, Casey will do anything to help advance her boyfriend in his chosen career.

Southside Stan—South Side Mob Boss. It is no secret that Stan has been making a push to expand his territory. The real secret may be who is working with him.

Fern Norelli-Gadora—Notorious Norm's Ex-wife. Caught cheating, Norm divorced Fern immediately a month ago. Left without anything, Fern's romantic interest has shifted from one mob boss to another.

Hayden Hollywood—Movie Director. Hayden is in town to cast for her next project—the first talking picture. Since this project will be one that makes history, Hayden is taking her time in casting her lead lady, for she knows her decision will have a lasting impact.

In honor of The Sarsaparilla Speakeasy's excellent business, Ruby Moreno, the owner of The Sarsaparilla Speakeasy is throwing a party to commemorate its success and to remember the previous owner, her late husband, Lorenzo Moreno. Since establishment in 1921, The Sarsaparilla Speakeasy has become and remained the hottest nightspot in town. In appreciation of its customers, Ruby has promised a night to remember! Among the town's elite, those in attendance are sure to be:

Macy Moll—Notorious Norm's Girlfriend. One of the most popular women in town, Macy had no interest in Norm until she realized what he could do for her movie career.

Daphne Diva—Sarsaparilla Speakeasy Singer. Daphne's voice and stage presence seem to be exactly what Hayden is looking for. Daphne won't let anyone come between her and her dreams of starring on the big screen.

Mayor Romano—Mayor. As the head of the city, the Mayor's power is what many seek. However, is it the Mayor who is really calling the shots or are the decisions coming from someone else?

Mary Beth Romano—Mayor's Wife. Mary Beth considers herself the brains behind the Mayor and she will not let him do anything that could ruin his political career.

Chief Charles—Police Chief. As the city's main law enforcement officer, Charles enforces the Mayor's decisions...but whose side are they really on?

Claire Butt—Cigarette Girl. Responsible for ruining many lives, Claire doesn't stop at spreading rumors to get her way.

Gianna Gin—Bartender. As the eyes and ears of The Sarsaparilla Speakeasy, Gianna may know more than she let's on.

Fiona Flapper—Sarsaparilla Speakeasy Patron. It is no secret that Fiona desires a man with power and she will stop at nothing to get it.

Amanda Moreno—Ruby's Daughter. Still mourning the loss of her father, Lorenzo Moreno, Amanda is ready to seek revenge at whatever cost.

P.I. Patterson—Investigator. As the private detective on the scene, P.I.'s job will be to take charge and decipher the clues and reveal the truth.

Missing Person Found

Just two weeks after Lorenzo Moreno was reported missing, Mr. Moreno's body was discovered. Because of the nature of his death, foul play is suspected. Chief Charles states, "At this time no one has been apprehended for the murder of Lorenzo Moreno and there is little evidence to prove who committed this awful crime."

Lorenzo was the original owner of The Sarsaparilla Speakeasy, a family owned establishment. Lorenzo leaves behind his wife, Ruby, and daughter, Amanda. The Sarsaparilla Speakeasy will remain open and the ownership has been transferred to his wife Ruby Moreno. "It is what my husband would have wanted," says Ruby.

Life of Crime

Mug shots of all suspects in the mysterious death of Sarsaparilla Speakeasy's previous owner Lorenzo Moreno will be taken in the Sarsaparilla Suite prior to dinner being served. Mug shots can be e-mailed to suspects for personal records for the low cost of \$5.
